Maintenance Tips for the Soho Platform Bed

To keep your Lifestyle Solutions Soho Platform Bed in optimal condition, regular maintenance is essential. Here are some tips to ensure its longevity:

1. Clean Regularly

Dust and debris can accumulate on and under the bed. Regularly cleaning the frame with a damp cloth and mild detergent will help maintain its appearance. For wooden finishes, consider using a wood polish to enhance the shine and protect against scratches.

2. Check for Loose Screws

Periodically check the bed frame for any loose screws or bolts. Tightening them will ensure the bed remains stable and prevents any unwanted creaking sounds during use.

3. Rotate the Mattress

To prolong the life of your mattress, remember to rotate it every three months. This practice helps to distribute wear evenly and can enhance comfort over time.

4. Avoid Excessive Weight

While the Soho platform bed is sturdy, it's essential to avoid placing excessive weight on it. This precaution will prevent any potential damage to the slats or frame.
