Defeating Ghosts

Ghosts are the main antagonists in Luigi's Mansion 3. Each type of ghost has its own unique characteristics and behaviors, requiring different strategies to defeat.

Types of Ghosts

- Normal Ghosts: These are the most common and can be defeated by flashing your flashlight and sucking them up with the Poltergust.

Combat Tips

1. Stun with Flashlight: Always start by stunning ghosts with your flashlight before trying to suck them in.
2. Use the Environment: Many ghosts can be defeated using environmental objects. Look for items you can throw or interact with.
3. Timing is Key: Wait for the right moment to pull back your Poltergust; timing your suction will maximize your chances of capturing the ghost.
