- The Abbey: The main setting of the story is a lavish abbey owned by Prince Prospero, where the elite host extravagant masquerade balls to distract themselves from the realities of the plague. The abbey serves as both a sanctuary and a prison, symbolizing the disconnect between the privileged and the suffering masses.

Plot Development

The narrative unfolds as Araby becomes entangled in the lives of those around her, particularly her friendships with two key characters: her childhood friend, Finn, and the enigmatic Prince Prospero. As the story progresses, Araby must confront her own fears and the reality of the plague, leading her to make critical choices that will affect her fate and those she loves.
