- **Vocal Lines:** The main melodies sung by the characters, typically written in standard musical notation.
- **Piano Accompaniment:** The piano part that supports the vocal lines, providing harmony and rhythm.

3. Practice with a Pianist

If possible, practice with a pianist who can play the accompaniment while you sing. This collaborative approach will closely mimic a performance setting and help you develop your timing, dynamics, and overall interpretation.

4. Record Yourself

Recording your practice sessions can provide valuable insights into your performance. Listening back allows you to identify areas for improvement, such as pitch accuracy, phrasing, and emotional delivery.
