The Intersection of Sports and Politics

The relationship between sports and politics is complex and multifaceted. As the head of MLB, Rob Manfred finds himself at the crossroads of these two worlds. Here are several ways in which the two intersect:

Labor Relations and Collective Bargaining

One of the most pressing issues during Manfred's tenure has been labor relations, especially in light of the COVID-19 pandemic. The players' union and team owners have had to navigate difficult negotiations regarding player salaries and safety protocols.
